## Finishing Touches by Marie Altenburg

### What You'll Learn

If you've ever felt that your images are good but maybe lacked that "wow factor" that judges look for, this webinar is for you. We'll cover a few Photoshop tools and techniques that may be new to you, but primarily we will focus on how to analyze and improve your images to add interest or transform them into something unique that you will treasure. *The first session will conclude with an assignment to be reviewed during Part 2.*
